Removal of conditions 3 and 4 of planning permission 13/00781/F to allow occupation of holiday let cottage as a separate dwelling APP/C3105/W/15/3136680

My family wish to object to any application made by the current owners Mr and Mrs Noquet or others with regard to the Bishops End, formerly The Bishops Blaze, that would detract from this public house running as a business. They have repeatedly made inappropriate applications for changes to this public house, to turn it one way or another into a domestic housing complex.

This has caused enormous expense for the planning authorities, fighting for the public houses survival, not to mention time for us all trying to save and to preserve this licensed property. We object to this massive waste of public finances that has had to be spent forcing the Noquets to comply with planning law.

It was a viable business, when it was purchased by the Noquets. It would now appear to have been purchased as a development opportunity. The historical value of the public house being ignored at all times.

It would be highly inappropriate to turn the former bottle store now a " holiday cottage " into a family home, separated from the public house. It would interfere with the running of the public house due to a lack of parking and its proximity of it to public house. It would not be beneficial either to the anticipated inhabitants of the would be home.

The public house with all of its original boundaries is a much wanted asset of Burdrop, Sibford Gower, Sibford Ferris and the surrounding villages, for the use by young and old, as it was, a lovely family pub.  
HUGE OBJECTION FROM HERE PLEASE REFUSE THIS APPLICATION The Taylor family.
