

Application: 16/00609/OUT

Crockwell Farm, Great Bourton

Bourton public footpath number 4.

Oxfordshire Countryside Access Map of Great Bourton.

In order to preserve the legal line of the public footpath (number 4) across Crockwell Farm, Great Bourton please find amended scheme drawing 3561/20D and survey drawing 3561/01/A.

This plan has been developed to consider the public footpath in its correct alignment with a reduction in the amenity space of the proposed residential dwelling and an amended boundary line. It is considered that the amendments would have negligible effect on the amenity space of the proposed dwellings should the application be approved.

A need for a second gate to access the property is avoided in this instance and the footpath crosses over paddock land as previously.

It is agreed that no obstructions will take place over the public footpath, the route shall not be altered without prior written permission, no vehicle access may be taken along the public right of way and any gates shall not open out over the right of way.
