**PLANTING NOTES**  
All plants to be supplied in accordance with the HTA 'National Plant Specification' and from a HTA certified nursery. All plants and trees to be planted in accordance with BS3036. Digging and handling of all plant material to be in accordance with BS4285/JCPCSE Code of Practice for Handling and Establishing Landscape Plants Parts 1 & 2. All excavated areas to be backfilled with either site won topsoil or imported topsoil to the BS3883-General purpose grade. All topsoiled areas to be clear of rocks and rubble larger than 50mm diameter and any other debris that may interfere with the establishment of plants. Tree pits in soft landscape to be excavated to 1000mm depth prior to topsoiling and all shrub planting areas excavated to 400mm depth. All plants shall be planted in a random fashion avoiding formal regimented lines or densities indicated in the schedule, unless otherwise specified. Unless otherwise specified, all hedgerows shall be planted in a double staggered rows and hedgerow mixes shall be planted in groups of 9, 13 & 15. All plants shall be watered in field capacity immediately after planting and mulched with 50mm depth of medium grade crushed mulch. All trees to be double staked with cross bar and tied, using 1.5m long, 75mm diameter rounded tree stakes 75mm base, rubber tie and spacer block. Stakes not to extend more than 600mm above ground level. All trees within hedgerow/highway visibility areas to be clear stems to 1.5m high unless otherwise specified. Planting and associated operations shall comply with BS4043, BS4228 and BS5837. Root barriers (ReRoot 1000 or equivalent) to be included adjacent to buildings and services where necessary. Unless otherwise stated planting shall be carried out during the period of 1 Nov to 31 March when the ground is not frozen or waterlogged. If planting is required outside this period agreement shall be sought and all bare root plants shall be supplied with container grown stock. All Ficus species to be UK-grown specimens from healthy, disease-free stock and from reputable suppliers and HTA certified nurseries.

**PROTECTION OF EXISTING VEGETATION TO BE RETAINED**  
Existing trees to be retained shall be protected in accordance with BS5837, from commencement to completion of all works on site.
