Comments	<input type="text" value="Hi, I've been made aware of this proposal today and would like to object based on the below. -Traffic, with the station the motorway junction, and many of Banburys Industrial estates based here flow of traffic is already poor. -Air pollution, as above with the above factors Grimsbury already has high levels of air pollution. Cherwells own air pollution reports already highlight these areas as above gov standards and in need of management/ improvement. -Population density- Grimsbury has the highest covid death rate in Cherwell based on this and the close proximity of residents. Plus less access to green and nature spaces than most other areas of town. The Hortons services are being cut. The doctors surgeries merged. (Banbury health centre). How is it proposed the local Infrastructure and schools will cope? I look forward to your feedback and decision based on the above. Thanks, Kiri"/>
