<b>Comments</b>	<p>The traffic leaving the estate is already bad enough, with the train station car park and royal mail next to us. The noise will be a nightmare everyone already living here especially for families with young children. The dirt, dust and construction of the new properties is going to cause damage to properties here. Parking is already very limited with many commuters for the train station already parking around to avoid charges, any additional housing is going to increase the amount of vehicles needing to park as many households have an average of 2 cars. As we have little to no pavements for pedestrians to walk on an increase in more cars need to pass through will also make it increasingly unsafe for anyone traveling by foot especially young children walking to the parks to play or wheelchair users. There is not one single positive I can think of for us current residents to want this to happen.</p>
