Comments	<input type="text" value="I would like to object to the above proposals on the grounds that there doesn't appear to be any consideration to the additional traffic these new dwellings will create. I do not believe that the traffic lights at the junction of Middleton Road & Merton Street will be able to handle the additional requirements. Especially, during an evening rush hour when a busy commuter train from London arrives back into Banbury. During the recent roadworks at this interchange it was absolute chaos with cars queued up to the 2nd floor of the car park trying to get out. Quite often commuter traffic sped down Alma Road in attempt to circum-navigate the chaos at the Interchange. My concern is that by allowing these dwellings more traffic will head down Alma Road in attempt to skip the traffic lights. By design this road is not designed as a proper highway. There is no clear pavement and no clear road. Adding more traffic will just make it more dangerous and noisy to the local community."/>
