Dear Ms Griffiths

**Chiltern Railway - discharge of condition 14 of TWA/10/APP/01- safe access and egress for residents of Mill Lane and Mill Street, Islip
Oxford to Bicester Rail Link, Bicester to Gosford & Water Eaton**

Thank you for your consultation, which we received on 16 February 2016.

We have no comments to make. As stated in our previous response:

We do not recommend the discharge on Condition 14 until the detail of the recommended Contingency Planning measures have been discussed and agreed with the local authority's Emergency Planners and the Emergency Services. We suggest the parish council should also be included in these discussions as they may be able to provide useful local knowledge on any proposed measures.

We will be guided by the local planning authority with regard to whether in their view the details are acceptable and the condition can be discharged.

Yours sincerely

Mrs Cathy Harrison
Planning Advisor
