Hedgerow Reinstatement

We have allowed for the removal of a nominal 10 lin.m. of the existing hedgerow on either side of the proposed footbridge. Actual distance for hedge reinstatement is to be confirmed on site prior to implementation of works.

The Network Rail boundary along which hedgerow planting has been specified is assumed. No planting has been proposed where this boundary line passes below the bridge.

- Legend**
- PERMANENT LAND EASEMENT BOUNDARY
 - TEMPORARY EASEMENT BOUNDARY
 - NETWORK RAIL BOUNDARY FENCING (INDICATIVE)
 - PROPOSED 1.2M STOCK FENCING - REFER TO DETAIL (DRAWING RSK-DRG-SPEC-P007)
 - PROPOSED HEDGEROW PLANTING - DOUBLE STAGGERED (6 PER LIN.M.)
 - EXISTING HEDGEROW

NOTES

All native transplants, plant material, trees and shrubs to be planted bare root with Tubex 0.6m peg and tie.

Refer to construction details within Specification for Soft Landscape Works.

The Contractor is to familiarise themselves with the locations of any services prior to commencement of work on site.

The setting out and extent of planting is to be confirmed on site prior to implementation of the works.

Drawing produced on the Snakegrid coordinate system.

This drawing is based on:

- EWR P1 co-ordination sheet 18 and 19 of 38 (5114534-ATK-DRG-MD-700218 and 5114534-ATK-DRG-MD-700219)
- Proposed boundary fencing and access strategy sheet 18 and 19 of 38 (5114534-ATK-DRG-MD-705218 and 5114534-ATK-DRG-MD-705219)

All works have been designed in accordance with network rail recommended planting species matrix V2.1. All planting is located in XS of 5m distance from running rails.

Access for maintenance via os grid reference 454243, 215971.
