YOUR COMMENTS ON THE CASE

We are writing in support of the Telephone Mast, as this area is particually patchy.
Having no signal in our farm house, having to go outside to make a phone call, text.
Not easy when trying to run a business, or health and safety issues.
Recently we had a close relative in hospital, (the hopitals tend to use mobile phone numbers when contacting next if kin) having to grab the mobile if it rang one, then run outside still hoping you had a signal ? !!
Strange how in the remote parts of Africa you can get a full up signal, but the Sibford area well that's another storey.
Communication now adays is vital.
