**To:** Clare O'Hanlon  
**Subject:** Planning Application 18/00904/F

Please see comments below re Planning Application 18/00904/F.

Cropredy surgery is under immense pressure with substantially increased demands to continue to provide an efficient and effective service to the local population.

A number of smaller developments in outlying villages, together with significant changes at other Banbury practices, population growth and on-going recruitment issues within the North Oxon locality have accumulated in increased pressure on service provision at Cropredy Surgery.

Population growth in the village and surrounding areas already includes:

- Plans to increase the number of Cropredy marina berths by 100
- 43 new homes at Great Bourton
- Plan to develop land in Cropredy with 37 houses
- New housing developments on the Southam road

Sustainability of this very successful practice is of utmost importance to the workforce, the Patient Participation Group and all service users.

Due to recent excessive demand for new patient registrations, the surgery list is currently closed having reached its threshold of safe staff to patient ratio. Approval of this planning application should take into consideration how medical provision for Primary Care can be supported locally in services that are already overwhelmed.

Dr Barry Tucker

for Cropredy Surgery

Cropredy Surgery, Claydon Road, Cropredy, Banbury, OX17 1FB
