Dear Ms O'Hanlon

**Re. Planning Application 18/00904/F**

I wish to object further to the planning application for a marina at Claydon on the following grounds:

1. If the applicant is allowed to install a package treatment plant (PTP) there appears to be nothing in place to prevent additional deterioration of Wormleighton Brook. The Environment agency has classed the brook as 'poor' partly due to elevated phosphate which is partly caused by suspected sewage discharge. None of the regulatory checks on the PTP are associated with phosphorous levels, thereby giving the applicant licence to pollute Wormleighton Brook even further.

Yours sincerely

Jenny Jones (Mrs)
