NOTES

- All dimensions and levels are in meters unless otherwise noted.
- This drawing is to be read in conjunction with the relevant Architect/Engineer's drawings, specifications and CDM documentation.
- This drawing has been produced electronically and may have been photo reduced or enlarged when copied. Work to fixed dimensions ONLY (DIN A0/A1 SCALE). All dimensions to be checked on immediately.
- The drawing carries advanced final information that may not be clear if reproduced in black and white.

DESIGNER'S CDM NOTE - REVISIONS NOT COVERED

This design Engineer/Architect has assessed his design as the scheme has been developed in order to identify if there are any residual risks (hazards) that are uncontrolled, unmitigated, or otherwise not acceptable.

No residual risks have been identified for the scheme and therefore no entries were added to the risk register.

This statement assumes that a competent Contractor with the appropriate qualified staff will be employed for the work, and that they will be briefed with the wide construction risks and hazards that apply to the site.

- NOTES:**
1. All dimensions and levels are in metres unless otherwise noted
 2. This drawing is to be read in conjunction with the relevant architectural/engineer's drawings, specifications and CDM documentation
 3. This drawing has been produced electronically and may have been photo-reduced or enlarged when copied. Work to be carried out should be checked against the original. All dimensions are to be rounded up to the nearest millimetre.
 4. This drawing contains advanced form / information that may not be clear / legible in this scale view.

DESIGNER'S CDM NOTE - REDUCED RISK NOT CONFIRMED
 The design Engineer(s) have assessed the design on the scheme has been developed in order to identify if there are any residual risks (i.e. unusual, unvisited, obscured or difficult).
 No residual risks have been identified for this scheme and therefore no entries were added to the risk register.
 The statement assumes that a competent Contractor with the appropriate qualified staff will be employed for the works, and that they will be familiar with the wide construction risks and hazards that they / contractors be expected to encounter as part of their work.

DESIGNERS CDM NOTE - REDUCED RISK NOT COVERED
 The design Engineer(s) have assessed his design on the scheme has been developed in order to identify if there are any residual risks (such as: unobscured, unsecured, drainage or difficult). No residual risks have been identified for this scheme and therefore no entries were added to the risk register.
 This statement assumes that a competent Contractor with the appropriate qualified staff will be employed for the works, and that they will be familiar with the site conditions and that the hazards that could be identified will be controlled on part of their work.
