#### **Officer Comment**

At para. 9.6 of the officer's report it is indicated that the applicant's selling agent details had not been received at the time of the preparation of the report to planning committee. Details of the agent were supplied and a conversation was held with Joshua Sullivan of 'Christies' just prior to the committee meeting in November (22/11/2018) when the application was initially scheduled to be presented, prior to notification of the application being appealed. Mr Sullivan confirmed that he had provided selling advice to Mr and Mrs Noquet and would act on their behalf if required to do so, should any expression of interest be received.

#### **Change to recommendation:**
