Yes No

6. Discharge of Conditions

Please provide a full description and/or list of the materials/details that are being submitted for approval

Condition 4: Samples of slate to be used in the roof of the development. (We commenced with internal works first, followed by some windows in compliance with Condition 7 (discharged) and it is only now we are turning to external works, namely the construction of the detached garage (but not the extension yet). Proposed roof tiles to be used: SSQ Del Carmen First Blue-black Slate.
Condition 5: Samples of the bricks to be used in construction. WRR Wessex Red (Northcot Brick Ltd) (See note below)

Note: relationship to Condition 3 which requires a sample panel to be constructed. We understand the intention/purpose behind Condition 3 to be related to the construction of the part brick/part stone extension of the outhouse which we are not yet proposing to undertake. We propose to apply to discharge Condition 3 when we do undertake those works. However, if we are required to prepare such a panel now (given that a small number of bricks is required at the rear elevation of the garage) we would be grateful if the conservation officer could please confirm and once the sample required under Condition 5 has been approved we will construct the necessary sample in compliance and discharge of condition 3. Please note however, that no stone is being used at this time and we will therefore not be in a position to build a stone panel).
