The surplus of the PV panels mentioned above are intended to be installed on the main roof of the house subject to relevant approvals and will be dealt with separately.

If you wish the existing condition to be changed, please state how you wish the condition to be varied:

The proposal would substitute the approved garage design principally indicated on approved drawings EQ 0317 04, 09 and 10 with the drawings and information associated with this application.

The construction materials and roof orientation of the garage vary from the approved design; however, its location within the site, the general scale of the proposal and the vehicular access remain unchanged.
