

Welcome to Bicester 11

Sustainable Travel Information

All businesses at Bicester 11 are committed to the following objectives:

- **Promoting Sustainable Transport**
- **Reducing single occupancy car journeys**

The commitments are embodied in a Travel Plan which has been prepared for the site.

This document detailing travel information for the area is issued to all employees who work at the site to allow them to make informed sustainable travel choices.

Welcome to Bicester 11

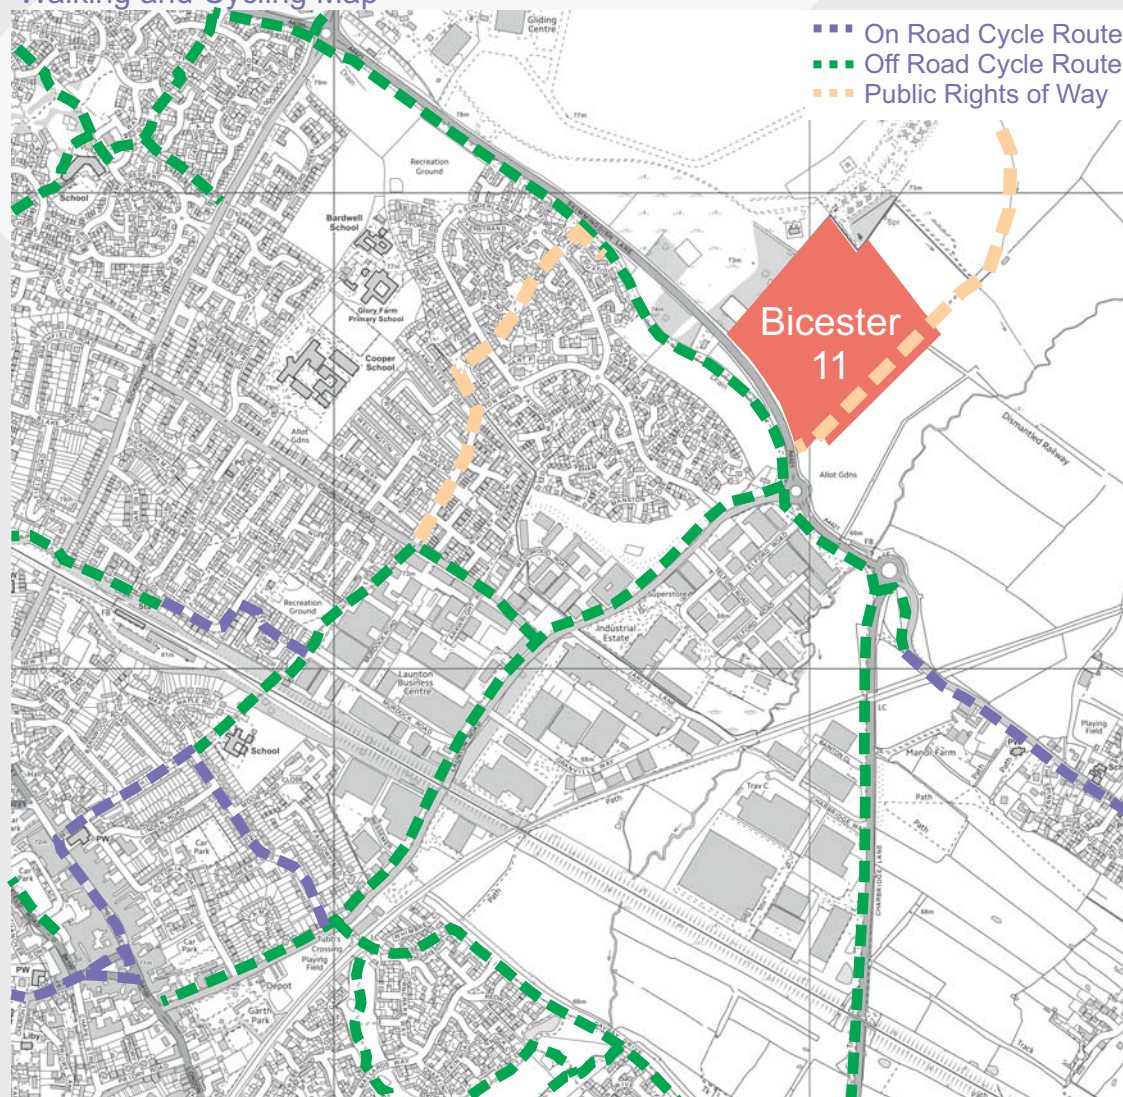

Walking and cycling are great ways to boost your health, fitness and well-being. It is recommended that the average adult should do 30 minutes of exercise 5 times per week. Walking or cycling to work, the shops or school is an easy way to achieve this target.

It is often quicker to cycle or walk short distances than travel by car, particularly during the morning and evening rush hours. Bicester provides both on and off road cycle routes as well providing Sustrans routes. Local walking and cycling routes are shown on the map below.

The Oxfordshire Cycling Network (OCN) proposes a county-wide 'all ages, all abilities' cycle network, for more information regarding cycling groups, cycling routes and events please visit - <http://cyclingukoxfordshire.org/strategic-cycle-network/>

Bicester 11 provides secure cycle parking facilities which have been positioned in convenient locations at every unit on the site. All buildings will have shower facilities.

Bus Travel

The nearest bus stops to your employment are located on Boston Road near Scampton Close. These bus stops are served by bus service S5 (Oxford to Bicester) which runs every 20-30 minutes Monday to Saturday and operated by Stagecoach. Bus timetables can be accessed via:
<https://www.stagecoachbus.com/routes/oxfordshire/s5/bicester-oxford/xoas005.i>
<https://www.stagecoachbus.com/routes/oxfordshire/s5/oxford-bicester/xoas005.o>
A wider bus network map is on the next page.

The bus services offer a convenient link to the railway station. A new bus stop will be provided by the developers and once this is operational there will additional services to and from the site. Further information will be provided by the Travel Plan Co ordinator.

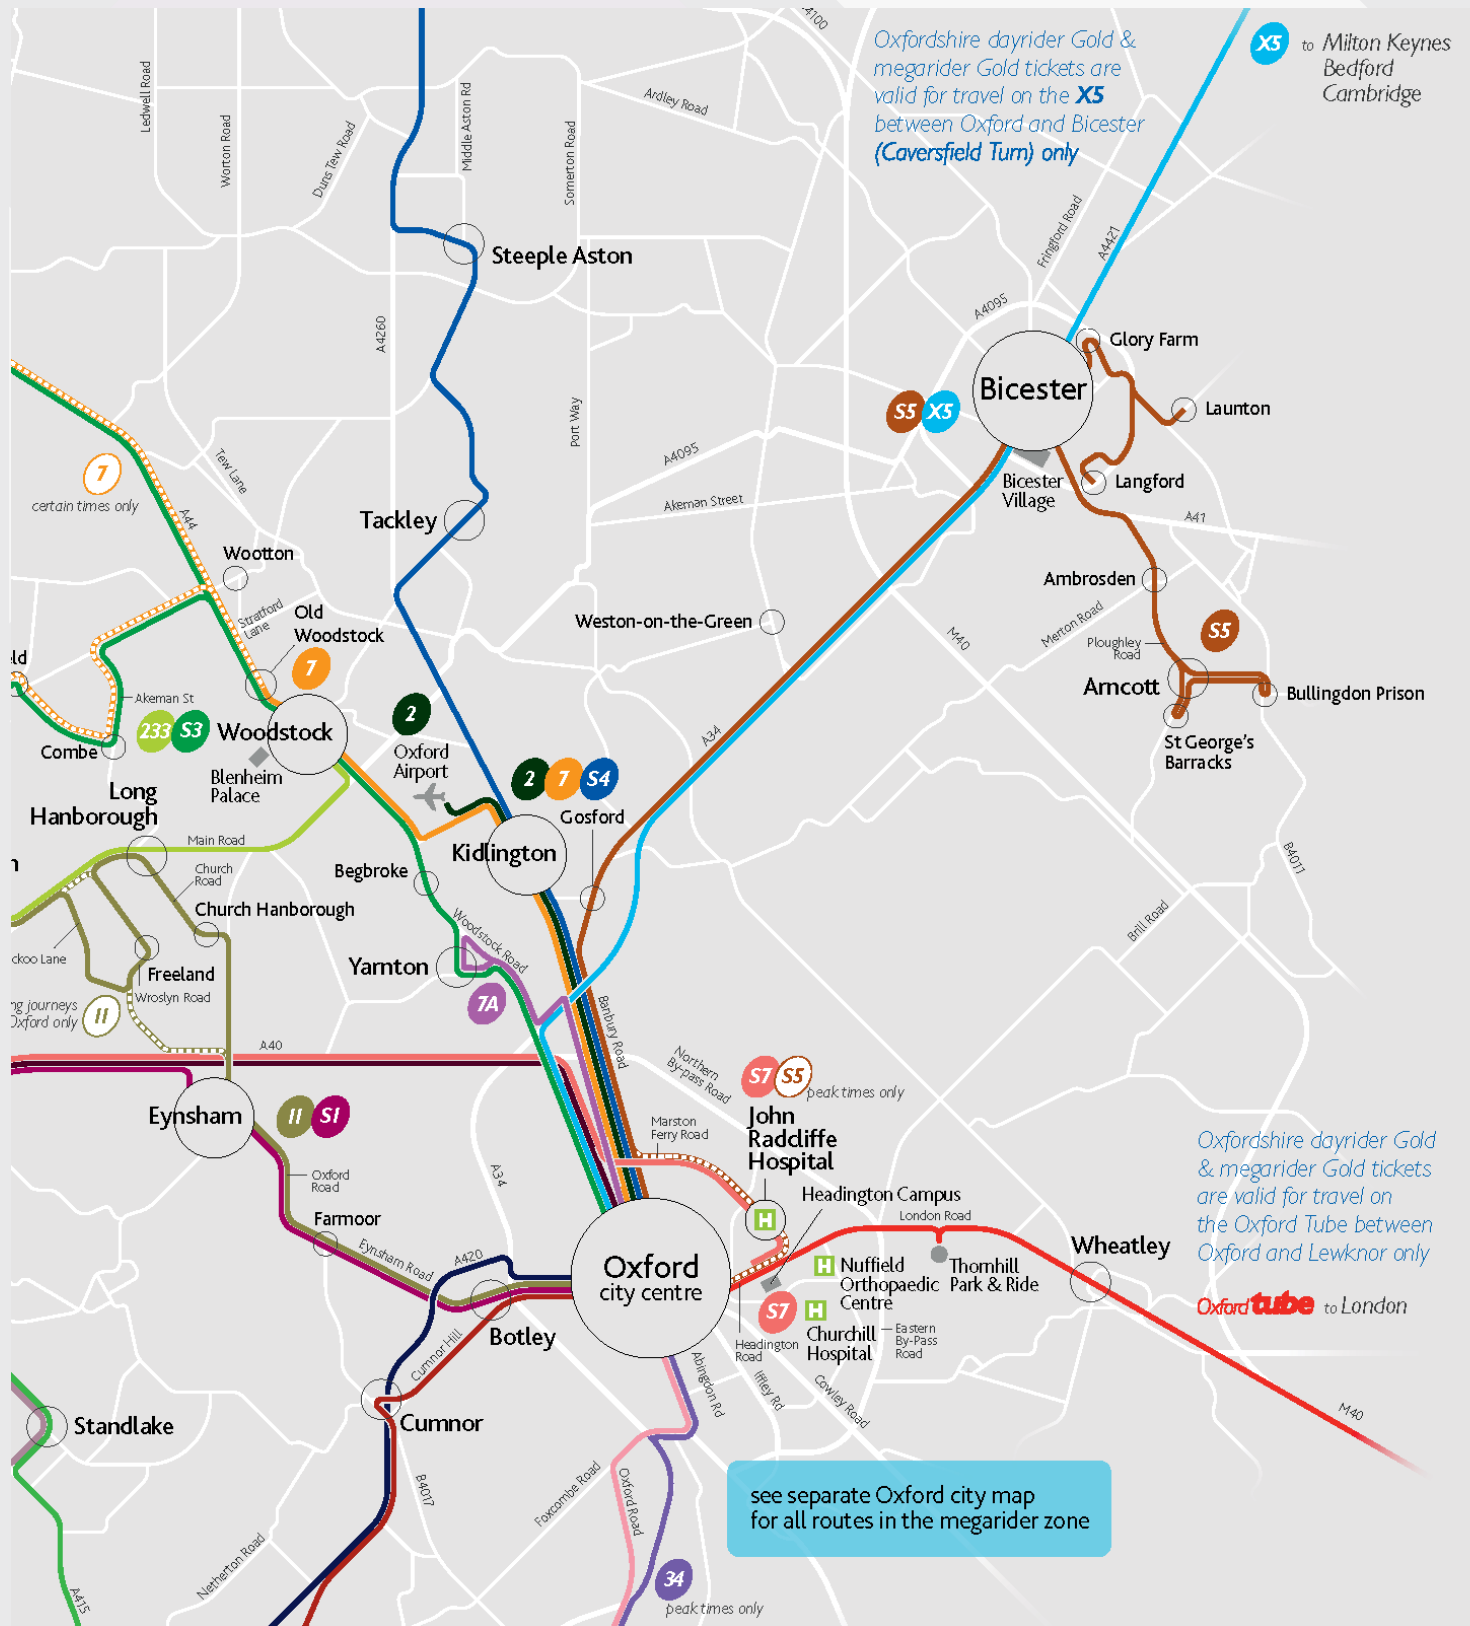

Rail Travel

Travelling by rail provides a fast, efficient and frequent option, whether travelling for business or pleasure. The nearest station to you is Bicester North railway station. Rail services are operated by Chiltern Railways. Offering 2 hourly services to London Marylebone, one to Birmingham and one to Banbury

GREENER CAR USE

Car Sharing

If you have empty seats in your car, why not share them with someone else on your route? Or sign up to find a lift from someone already driving your way. Or just take turns driving.

Car sharing can save you money and cut your carbon footprint.

Register your journey for free at: www.oxfordshire.liftshare.com

Smart Driving

Smart driving is easy to do and will reduce your driving costs. Listed below are a number of ways in which you could drive smarter.

- **Switch it off** – If it is safe to do so, turn off your engine when stationary for more than a minute or two. Modern cars use virtually no extra fuel when they are re-started without pressing the accelerator so you won't waste lots of fuel turning the car back on.
- **Shift to a higher gear as soon as possible** – Driving at lower engine speeds reduces fuel consumption. Change up a gear between 2000 and 2500 revolutions per minute (rpm).
- **Slow down** – Avoid excessive speed. Driving at 85mph uses approximately 25% more fuel than 70mph.
- **Drive smoothly** – Anticipate the road as far ahead as possible to avoid unnecessary braking and acceleration. Decelerate early when slowing down.
- **Close your windows if travelling at 60mph or more** – The aerodynamic drag on your car of an open window at speeds of 60mph or more adds to your fuel usage. Keep your windows closed at high speeds.
