**Comments for the Conservation Team:** Emma was the CO on the preapp from the same applicants. Emma, it's more or less as discussed at the meeting, though I think the opening up of the first floor to create a landing area is a bit different. The Heritage statement does not conflict with the proposals but neither does it really get directly referenced in the proposals. On the whole it seems a good scheme - I'm a little concerned about the complex corner between the significant thermal windows in the first floor landing area but can see little else to complain about.
