Type of Comment	Objection
Type	neighbour
Comments	<p>My wife and I live on Station Road and are extremely concerned about the increase in traffic that this development will likely bring. We've already seen a significant increase in very large trucks on the road over the past several years (we can literally feel the vibration in our house when one passes) as well as the continuing high number of vehicles who regularly exceed the speed limit on our stretch of road. Given the not insignificant council tax we pay we'd really appreciate some of this being put back into traffic calming measures along Station Road. We love living in Lower Heyford but the increasing noise levels on Station Road (together with water pipes that have regular burst over the past several years) are really having a detrimental impact. This is not so much an objection - we realise new homes need to be built - its just a plea to try and do this in a way that's fair to the existing residents. Thanks Andrew and Rachel Chandler The Garden House, Station Road, Lower Heyford</p>
