| Comments | <p>I have found the referring document that proves that placing houses within the planed area will put them in a medium risk Cordon Sanitaire. The current plan is based on 177m, because of the original plans having a lower population. We will have 3-4k people within Heyford Park very soon, and that is ignoring business. The document states for 2500+ people 250m cordon is require to result in a low risk, we will have a population of double that. There for the Cordon MUST be expanded. http://planningregister.cherwell.gov.uk/Document/Download?module=PLA&recordNumber=66077&planId=974549&imageId=209&isPlan=False&fileName=9192095.pdf</p> |
