Comments	<p>Good evening, We would like to object to the plans being submitted particularly in relation to the sports park. We recently bought in Williams road with the field in question directly opposite our house, in a small quiet cul de sac and was one of the main reasons we bought this house and didn't opt to buy new anywhere else on the estate. We were advised that nothing could be built on this land because of the sewage works and now there is planning permission submitted. We also have 4 young children gaining their independence as well as the other houses in our cul de sac having young children and with a road/HGV access being planned outside our front door now means all the privacy we had is now gone and the safety of our children will be put at risk. We also would like to raise our concern regarding the sewage works ability to operate, there is a high risk of loss of amenity with the additional houses being built and is now putting our house at medium to high risk whereas before the radius stopped at our house. Is there plans to completely rework the sewerage works to mitigate it? We strongly object to this planning application Regards Adam Berry</p>
