**Type of Comment** Objection

**Type** neighbour

**Comments** I object to the new proposal with regard to the provision of a sports complex, Heyford Park does not need this. The impact on the adjacent houses, the proximity of it to the sewerage treatment plant and the impact it will have on local light pollution will undoubtedly be substantial. Add to that the additional traffic it will bring into Heyford Park on roads that are already suffering due to the current development and the additional noise and impact on the local wildlife. We do not want a complex that will affect the surrounding areas either as the case studies on light pollution project.
