Master Plan [18/00825](#)/HYBRID SPC

I understand that in view of the proposed development at Heyford Park outlined in the above application, Network Rail is proposing to close the Somerton Crossing. My family and I use the crossing every day. It would be impossible for us to enjoy our local area in the way that we have for many years if the crossing is taken out of use. If the proposals are to go ahead, I would expect that proper consideration is given to all suitable alternatives – including a footbridge – so that all Somerton residents can continue to use the area without significant inconvenience.

Yours,

Mrs Victoria Prentis

The Manor, Somerton, OX25 6LW
