Comments	<p>Diversion of footpath via (Troy Farm) to Fritwell As a result of the development and the extra people that it will bring along the perimeter walks, the residents of Troy Farm are concerned for their security and privacy. The footpath currently cuts right through the middle of the busy farm yard. The Farm and the footpath users have always rubbed along well but the use of the route will increase as a result of the extra houses, there has already been an increase of walkers in recent years since the existing development and it would therefore follow that in the future usage will increase still further due to yet more houses and improved footpath connections. There is a very simple, short diversion that will address the issues of security and privacy. As this is a clear result of the extra housing at Heyford Park we request under the s119 of the Highways Act 1980 that s106 money fund this diversion.</p>
