Comments I cannot see any benefit from a Bus Gate - or what it is supposed to achieve. It will result only in greatly increased traffic being forced into conservation villages such as North Aston, and Somerton, with houses close to both sides of the narrow winding roads, with no thought to the outcome on children, cyclists, pedestrians, horse-riders, and wildlife. And of course, the community in general with regard to noise, pollution and safety. And on roads which are already poorly maintained, and which in Winter can flood and be impassable.
