<b>Comments</b>	<p>Dear Sir/Madam, I am writing to strongly object to this application because of the inevitable and dire consequences it will have for increased traffic on the North Aston road. It is not a main road, unlit and there are many young children living in the village. I have witnessed first-hand many 'near misses' with cars driving (too fast) through the village at speed and a deadly accident only seconds away. More traffic through this small village with its narrow road will cause considerable damage to this tight-knit community. Please note that if the road through North Aston were a main A road then I would understand the desire/need to push more traffic onto it. But all will agree it is not and therefore this application, with its negative consequences for North Aston, must be rejected. Thank you, Howard Ionascu</p>
