Type of Comment Objection

Type neighbour

Comments Dear Mr Lewis, I am writing to object to this application. As a resident in a neighbouring village and a mother of 3 small children I have huge concern on the effect regarding traffic on our village. With the increased traffic that the development has already brought I'm afraid that there is an accident waiting to happen if this is allowed to go ahead. Our village has a beautiful green which is the only amenity available to the children of the village who predominantly live across the road from it. There are blind bends and narrow roads. I feel that to allow this development would be both unsafe and irresponsible. However, I would like to add regardless of the outcome of the planning decision I think that North Aston, Somerton and Fritwell should be allocated funding from yourselves for implementing traffic calming measures within our villages as the development has caused a huge effect on them already and it hasn't even been completed yet! Risking the lives of our residents and changing our little villages forever. Kind regards Lucinda Fuoco
