Comments We understand that this is an amended version of a previously withdrawn application. We understand that the proposal for Busgate has not been amended in any material way but the developers have simply stated what the possible funding availability would be. We are residents of North Aston and are: Concerned at current levels and danger of traffic and concerned over the impact of this increase; quality of life, danger to children, residents, animals and others. Concerned at the lack of a clear rationale for the diverting of traffic from one part of the valley to another. Concerned at the total unsuitability of the Somerton-North Aston Road and the dangerous Fox crossroads for a greater load of traffic. The sum of 50,000 referred to for the benefit of North Aston would be insufficient for any significant calming measures. These plans would permanently change the life in this village.
