<b>Comments</b>	<input type="text" value="Conservation Area. I feel this application will destroy a lovely rural entrance to a Cotswold village. The required signage and replacement of road edges and greenery with concrete and paint is totally against current policy and the result will be visually brutal? Safety. The proposed 25mm kerb on the proposed footpath past Kiftsgate House with the removal of the existing bollards is positively dangerous and foolhardy. Pedestrians with children, prams and pets on leads need a proper level of protection and that means a 180mm kerb or a series of substantial oak posts. I have emailed the case officer with a number of further concerns."/>
