<b>Comments</b>	<input type="text" value="I own the farm track over which the public footpath runs from South Side towards The Holt. On Page 23 of the Transport Assessment document there is a drawing which says 'footpath emerges on to shared space' (for ease this is just to the left of the illustrated blue sign) I am unsure as to what the markings are immediately to the right of our farm track entrance on this drawing when looking east, they're also opposite the Water Lane junction and whether they could cause a hazard in the future. We have new tenants taking over Manor Farm's western field later this year and they will need vehicular access 24/7, at times for farm vehicles with trailers, and need to be assured that their access will not be compromised."/>
