I have 2 dogs and walk them each morning around 8.00 am. My preferred route to access the footpath on the opposite side of the road, opposite Water Lane, would involve walking across the proposed walk area for the site. I do not do this because it is far to dangerous.Similarly if I need to go to the village shop, because it is to dangerous I prefer to drive rather than walk. The proposed increase in the number of houses from 6 to 10 will increase the number of school children from say 15 to 25? All of the children will leave at the same time to collect the school bus and they will use the proposed footpath/virtual footway to get to the buses in Steeple Aston. The S4 bus is scheduled to pass this point at 7.59, just the same time that the children will be leaving to catch the school bus.The proposed " way="" when="" width="" will="" with=""/>
