**Subject:** Support for North Arms Pub Project

Development Manager  
Cherwell District Council  
Bodicote House  
Bodicote, Banbury OX15 4AA

I am writing in support of the council moving approval of all related planning applications before Cherwell District Council that will allow Fairleigh Dickinson University Wroxton College (Wroxton near Banbury) to renovate and reopen its North Arms as a pub and restaurant open to the public. This historic property is an asset of community value in the eyes of the college and villagers. For many years it was a popular place to gather, eat, drink and socialize. It has been closed, and another pub in the village is closed now, too.

Wroxton village needs vibrant destination hospitality to draw visitors and boost the economy — now more than ever. This is a huge opportunity.

In the project's favor — There is demonstrated support among village residents as well as the students, faculty, friends and financial supporters of Wroxton College. Public Facebook postings attest to this, as well as the official sources, which you can see. Funding is pledged for this project, and due diligence has been completed on the part of the university and its college.

Please vote in support of this project and pave the way for its success as quickly as possible.

Sincerely,

Kathryn K. Campbell  
Vice Chair, Wroxton College Advisory Committee  
Fairleigh Dickinson University
