Comments	Dear Sir. I wish to register my objection to this proposed development. I have read many of the other letters of against this application and agree with all the points raised. This proposal is outside the established village boundary, as the village has zero public transport (one bus a week isn't going to work for commuters) it can only add to traffic in and through the village. The village is already used as a "rat run". There is no guarantee that addition housing will equal additional children to keep the school going. An indirect result of approving this application may lead to the closure of the village shop which will make our category A status even more in questionable. Yours sincerly. David Williamson
