<b>Comments</b>	<input type="text" value="My objection is to the fact that i live on Hobby Road, which to be frank, the roads are compacted with cars enough already. People park on the road and its is very hard of all residents of Longford Park to drive down any of these roads. If the main entrance to the new 850 homes is through Longford Park Road, Hobby Road and Songthrush Road, then you are waiting for an accident to happen. Lots of children play out and the traffic is going to increase 10 fold. Pollution will increase and what about the wildlife? we often see deer in the field on a summers evening. Are the council or build company going to compensate us for the reduction in our house values? When we purchased this property 4 years ago, we where not informed of any future plans, in fact the opposite we were assure that no building work was going to happen on those fields. i am concerned for all residents and their mental health during this. I know we probably won't stop this happening, i have been looking at all the plans and surveys etc, but please reconsider the road layout for everyone's safety!!!!!!"/>
