Comments	<input type="text" value="I object to the proposal to link the new development to Longford Park via Songthrush Rd and Hobby Rd. It is obvious that many residents of the new development will use Longford Park as their main access since it is a shorter distance than going along the Oxford Rd. Unless traffic lights are installed at the proposed access off the Oxford Rd it will be very difficult to leave the new development turning right towards Banbury. Residents will simply cut through Longford Park. Why should the residents of Longford Park accept increased traffic through an already congested development? There is insufficient off-road parking in Longford Park with the result that residents have no choice but to park on both sides of Songthrush Rd and Hobby Rd. The road is already congested and we don't need any more traffic."/>
