Comments	<input type="text" value="The amount of traffic this proposal will generate makes Longford Park Road unsafe. I have lived in Skylark road for 6 years and witnessed many accidents as the road is not wide enough. Cars park along Longford park road obstructing traffic as it is, and to create more traffic through the Oxford Road entrance will cause issues for those especially turning from Linnet Road on to Longford Park Road. Further, cars are increasingly using Longford park road as a cut through to Bankside and this appears to be busier by the month. I have had many near misses on Longford park and it will only pose more safety issues for this development to go ahead."/>
