Organisation	<input type="text" value=""/>
Name	<input type="text" value="Olivia Risner"/>
Address	<input type="text" value="4 Silverweed Road,Banbury,OX15 4TE"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="Oh Longford park we currently have too many cars with not enough parking and roads that are way too narrow and bending. This has led to residents and visitors parking on the roads including on bends, junctions and creating hazards to both other road users as well as pedestrians. Building so many more housing without planning in sufficient additional roads for ingress and egress from the newly proposed phase of building then this will only cause more incidents and it will only be a matter of time before we have significant loss. On top of this we still have so much that has been promised on the existing development that has not been finished or has been abandoned. If we have proposals that are not sufficient even at the proposal stage it will get so much worse during execution. In addition to all this Banbury and surround area councils and planning teams need to put in place plans and actions to ease the already overcrowded roads throughout Banbury to deal with the increased traffic due to all new build developing."/>
