Comments	<p>The traffic along Longford Park Road will increase significantly with the new development because its the main way to reach Bankside. Longford Park Road has so many issues already with people parking, the bends are blind spots and witnessed a couple car accidents already. The street lighting is also poor and not very well lit on the first bend in. If the new site was to go ahead, Longford Park needs to be seperate otherwise will be a rat run. The developers have not finished the roads, country park and we have no amenities promised such as shop, doctors etc. I dont trust their plans for the new site. With the new homes in Bodicote and also near the flyover on Oxford Rd the traffic in the whole area will be affected. We need more main roads to access the M40.</p>
