Comments	How anyone can think about building more houses nearby before Longford park is completed is beyond me. We have lived on Longford park phase 3 for over 3 years and it's a disgrace. Nothing finished, unfinished roads, country park closed, broken street lamps, no dog poo bins and poo left all over etc none of the local amenities that we were promised by the greedy builders such as a shop, gp surgery, pub etc have come to fruition and the plans have been scrapped. The houses are poor quality and the builds were rushed to get people in, but the roads and overall development is still a building site. It's all one big over promised disappointment. Longford park road is dangerous and is a joke! Far too narrow with too many bends and parked cars to support the current level of traffic let alone more if this new proposed development goes ahead. Please get one development right before moving on to the next. The infrastructure just isn't there to support more local houses at this time. Leave Longford park alone and keep it separate from any new developments!
