<b>Comments</b>	<input type="text" value="The traffic study of White Post Road and surrounds that allowed for the developments along Salt Way was conducted during a half term thereby producing an unrealistic impact assessment. The traffic along Oxford Road south of Banbury is already dangerously high due to Longford Park which is still incomplete. Plus the Bankside development is still unfinished. Plus the moving of the football ground. To consider a further 800 homes that would rely on the same south Banbury infrastructure demonstrates a chronic lack of governance and foresight. I object to this plan in the strongest possible terms and will escalate the objection to the highest levels available if necessary."/>
