Comments	<input type="text" value="I object to the planning permission as it currently stands. I live on one of the proposed access roads. I walk my young children to school daily and the current plans are putting pressure on us to look at other houses and relocate due the safety of our children. The houses have been developed so that the front garden area is only 1 metre in length and most houses are less than 2 meters from this proposed main road. Increasing the traffic is significantly dangerous and puts added stress on family's with small children. The new route will become a free for all and will encourage more cars to drive through the housing estate to cut the Oxford Road Traffic and speed through to get to the Bankside access road.This route is also the main route to the Primary School from all directions. The current site is already missing vital zebra crossing at the crossroads directly by the school. The access from Longford Park should be separate for vehicles and only an option for pedestrians. I don't oppose the new development but I oppose the plans as they are today with the main roads Soungthrush Road and Hobby Road becoming access roads."/>
