Comments	<input type="text" value="Banbury doesn't have sufficient resources for more houses. You need to upgrade maternity and restore all services to the Horton Hospital and build another doctors surgery for all the houses you have already built. The road structure cannot take more cars. Bankside is already a rat run as it is and the town's roads are really busy during peak times. I would say before more houses are built you need to consider another junction to the motorway Adderbury side to lessen the traffic through Banbury. Banbury just cannot take anymore houses being built and I fail to see why we need even more houses being built."/>
