Comments	<p>This project seems to not have been thought through -"residential development of up to 825 dwellings, with green infrastructure" with NO word of road, rail, schools or medical infrastructure or support. With each dwelling there is likely to be 2 vehicles (this is based on ongoing observations of homes per vehicle in the Banbury/Bodicote and surrounding areas); these vehicles will be parking on an already busy road, which is currently being used as a cut-through due to the congestion on Oxford Road, and the continuing development of this area without any proper thought to the effects on the existing areas will result in chaos. Seriously, you'll need a damn sight more than one "balancing pond" to offset the disastrous nature of this project.</p>
