**Subject:** RE: Planning notification for application reference: 19/01047/OUT

Dear Samantha,

Thank you for consulting with Oxfordshire County Council Mineral and Waste Planning Policy Team on 19<sup>th</sup> April 2021 for planning application reference 19/01047/OUT for the following:

**Proposed development: Outline planning application for a residential development of up to 825 dwellings; green infrastructure including formal (playing fields with changing rooms, allotments) and informal open space; landscaping and associated infrastructure including a balancing pond; on land off the A4260, with access off the existing Longford Park access off the A4260 (Oxford Road), and a new access off the A4260 (Banbury Road). All matters of detail reserved, save for access.**

**Location: Land North East Of Oxford Road West Of Oxford Canal And East Of Bankside, Banbury**

The site is not in a mineral safeguarded area and it is not near any safeguarded waste sites. We have no comments, however, we would like to ensure that provisions are made to reduce the amount of waste at construction stage going to landfill and that reuse and recycling should be encouraged.

Kind Regards,

Anna
