<b>Comments</b>	<p>Im objecting, because, we have enough of these, red brick houses, they are not thinking of the environment, with covid 19 there has been enough deaths, and maybe we need to think more of faculties we lack. "No great bus service" has not been put in place, to cope with extra traffic. To encourage more cars off the road. Were Having problems with backlog of ques. increase in crime in these areas, and villages like ours, fast cars, no consideration, for over flow. Your not building for the increasement of cars, parking could be provided under the houses. What they have done so far in Longford park is quite frankly horrid. They have not built them with any great care. sardines, in cans, it reminds me of. what about birds, water foul, dog parks, peaceful sitting areas. Beautiful parks like Oxford, that's whats needed. Work to live pods. Workshops, to encourage small start up traders, affordable work units. blimey its got so noisy in the village. Electric solar buses, less pollution, were so behind in other towns. Drains keep getting blocked, and no, real walk ways, and for cyclists, its just not safe.!! Gullies need clearing out, to allow water to drain away, as they should. Put these things in place otherwise your creating more chaos.</p>
