Subject: Planning application 19/00963/OUT

Dear Sir / Madam

I wish to object to the above planning application because it appears to be both unnecessary and unsustainable.

No housing need has been demonstrated. The district council already has a five year housing land supply and this is a site outside the planning envelope where historically permission has consistently been refused.

The proposed development is remote from the established community and would generate still more traffic at an already dangerous road.

Yours sincerely,

3 Henge Close,

Adderbury
