Subject: 19/01005/F - CDC Arboriculture

Hi Sarah,

Regarding the above referenced application, from desk based assessment.

The proposals appear to retain the current footprint of both the House and the garage. With that I do not feel adjacent vegetation/trees should pose a constraint to the proposal. However, I would like to see a working method statement/Tree Protection plan detailing how adjacent vegetation will be protected throughout the proposals in order to mitigate potential damage to them.

Kind regards,

Iain Osenton
