<b>Comments</b>	<input type="text" value="Dear Sir, Thank you for your letter of the 30th August notifying us of the proposed changes to the planning application for the erection of garages. Whilst a part of the original proposed building has been removed, the revised plan is still for 5 garages and an increased number of parking bays (4 rather than 3 in the original plan). I remain concerned that this revised proposal is also excessive for a residential, single occupancy property. In addition the location of the garage has not changed and it significantly increases the footprint of the property. It brings the property closer to the boundaries, creates a large expanse of hardstanding and is somehow disconnected from the house. Thank you, Susan Weston"/>
